

TONYA THE FISH

MANICA K. MUSIL

I'd love to drive a convertible.

Wait for
me!

You still haven't told
me what holidays
are...

Enough with the
holidays! The
important thing
is we're driving!

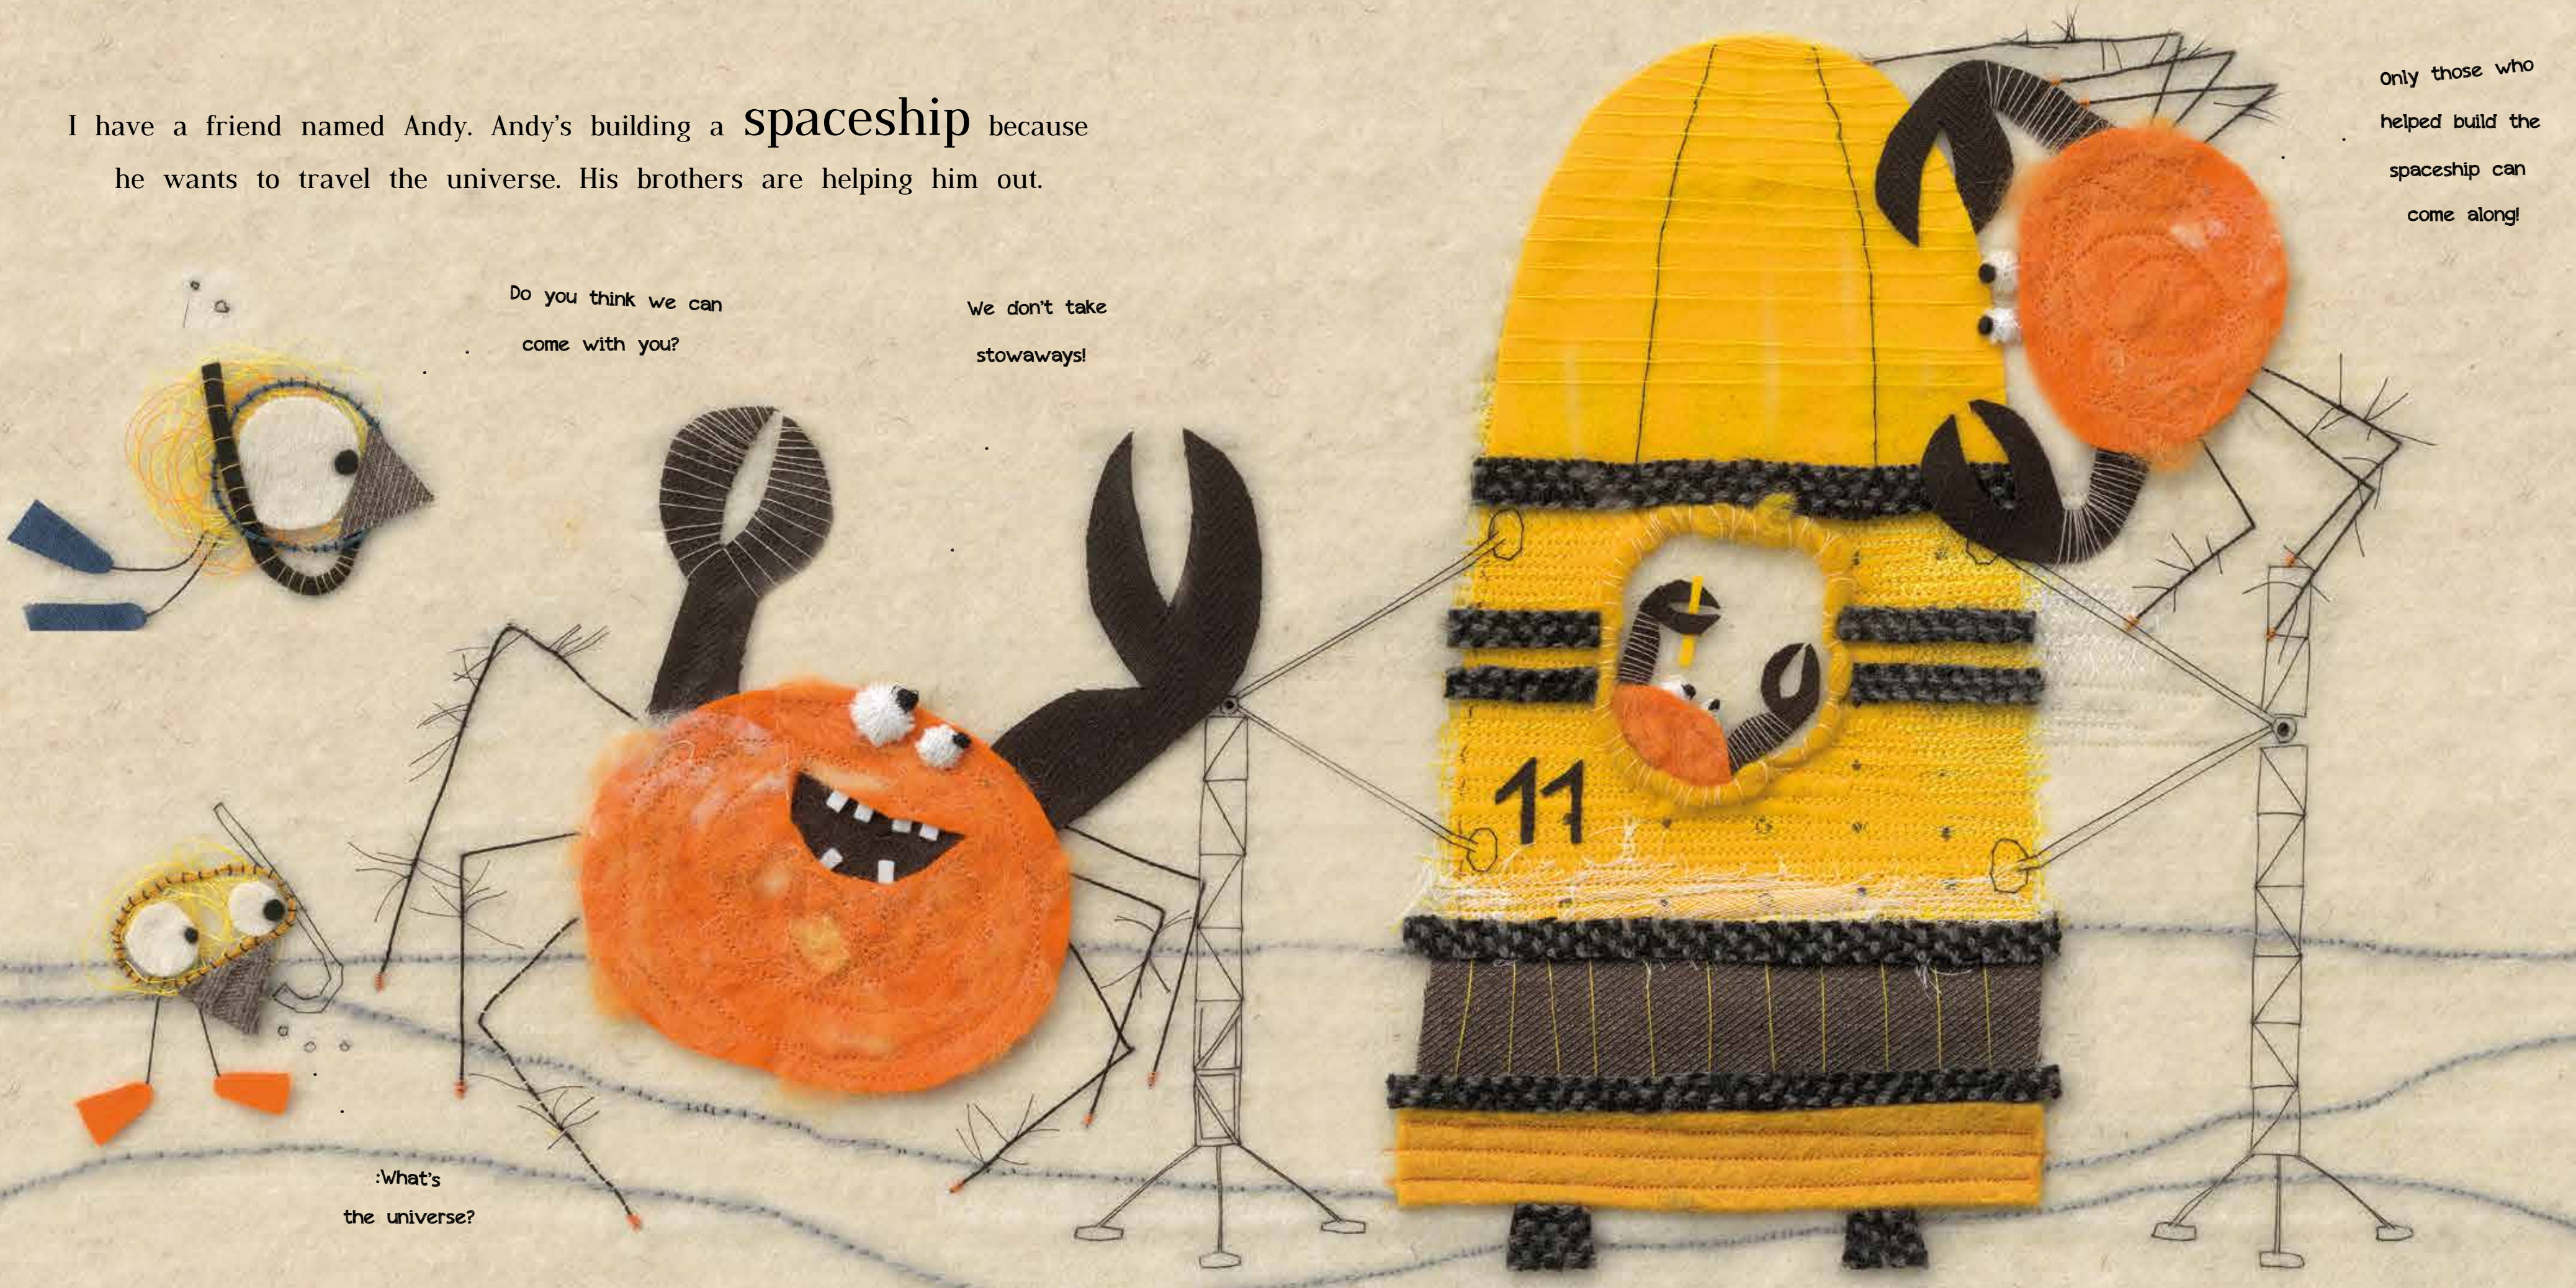

I have a friend named Andy. Andy's building a **spaceship** because he wants to travel the universe. His brothers are helping him out.

Only those who helped build the spaceship can come along!

Do you think we can come with you?

We don't take stowaways!

:What's the universe?

We went by scooter.

That was the happiest day of my life.

No big deal...
I'm finally driving.

Maaaaaaa! Look
whaaaaaat IIIIII
haaaaaave!

Silly! Don't you know
you'll be living
in captivity.

He might even
eat you!
